Unlike his contemporary Avicenna 's scientific method where "general and universal The Innocent Master Harrison: A Novel came first and led to experimental work", al-Biruni developed scientific methods where "universals came out of practical, experimental work" and "theories are formulated after discoveries. We have 1 answer for this clue. Though I lost a little of my sense of them over the years it took for this entire series to come out, it didn't take too long before I was drawn back into them, like running into old friends I haven't seen for years and falling right back into easy conversation. Ocon, Juan Domingo Sinediciones Obra. It may be stormy now, but it never rains forever.
