The research I cover includes studies of loss aversion, referencedependent preferences, the context and framing of choice, hyperbolic discounting and inconsistent intertemporal choice, predictable errors in updating probabilities, nonlinear weighting of probabilities, and prospect theory. When you are done reading you want more, not because it leaves you wanting, just simple not wanting it to end.

Rats At The Convention

All of those great albums that we talk about now, like Face to Face, Something Else by the Kinks and Village Green - nobody bought those records in the Sixties.

Faith : Finding Answers in the Holy Ghost

Of course, we must take care that we ourselves do not become too deeply influenced during the process of our research; for habit exercises a prodigious power.

Seeking The Lost: Stories of Search and Rescue

This view, which might be called a revelation-response view, I have briefly described above is summarized neatly by a contemporary Christian education in this way :.
